Description

History

#2 - 11/20/2026 11:30 AM - Sergey Ivanovskiy

- File GuiWebDriver.java.patch added

- File upload-direct.p added

- File upload-dialog.p added

The issue has been first found in #12082-85 and can be reproduced with direct-upload.p:

1. Click button 1 Direct one. The file chooser opens; cancel it.
2. Click button 4 Open dialog, then Cancel in the dialog box.
3. Click button 1 Direct one again. If the bug shows, no file chooser opens and the log shows case 1 CHOOSE reached 4GL instead.
