Description

History

#1 - 08/02/2012 03:51 PM - Eric Faulhaber

- Status changed from New to WIP

The content for these slides will come from the record_statements.odt chapter of the P2J Conversion Reference.

The slides filename in Bazaar (in the p2j_training/developer1/ project) should be record_statements.odp.

#2 - 08/04/2012 08:26 AM - Costin Savin

Libre Office seemed to have the Arial Black font,but after installing the font on Mandriva that prove to be false and this and previous slides will need to be re-arranged because they don't fit anymore.
