Description			

History

#1 - 03/02/2013 02:36 AM - Eric Faulhaber

- File *ecf_upd20130302a.zip* added

A non-promoted OPEN QUERY in an IF-THEN construct fails to find an attach point to which to graft its QueryWrapper declaration. The current logic is hard-coded to look up 3 ancestor levels and then down one, expecting to find a java.cs_instance_vars node. Because the IF-THEN adds more levels, this technique fails.

The attached update fixes the problem and has passed conversion regression testing. It is committed to bzz rev. 10231.

#2 - 03/02/2013 02:39 AM - Eric Faulhaber

- Status changed from *WIP* to *Closed*

- % Done changed from *0* to *100*

#3 - 11/16/2016 10:59 AM - Greg Shah

- Target version changed from *Milestone 4* to *Conversion Support for Server Features*
