

Conversion Tools - Bug #2113

Feature # 1739 (New): add hints/features for better control over comment conversion

convert/comments.rules should ignore artificial nodes when trying to match comments to code

04/08/2013 01:17 PM - Greg Shah

History

#1 - 04/08/2013 01:18 PM - Greg Shah

- Estimated time set to 24.00

It is not clear that this is 100% correct, but it is thought that at least some artificial nodes (AST nodes that have line 0 and column 0) should be ignored when trying to match comments to their referenced code.

#2 - 11/16/2016 12:46 PM - Greg Shah

- Target version deleted (Code Improvements)
