History

#1 - 05/05/2014 10:34 AM - Greg Shah

- Subject changed from Temporary account creation. to temporary account creation

- Description updated

Change temporary accounts creation as follow:

1. On server startup, if we are configured for web clients OR for server-launched batch clients, then (and only then) create the temporary accounts.
2. On server shutdown temporary accounts are deleted from server directory, if those accounts exist. This must be done before the directory is closed/saved to disk.

#2 - 11/16/2016 01:08 PM - Greg Shah

- Target version deleted (Deployment and Management Improvements)
