

User Interface - Bug #2582

Feature # 2423 (Closed): add proper key-to-event mappings in GUI

Some key labels are not supported by p2j

06/08/2015 07:50 AM - Igor Skornyakov

Description			

History

#1 - 06/08/2015 07:57 AM - Igor Skornyakov

- File *keycodes1.ods* added

P2J doesn't support some valid key labels (such as CTRL-ALT-A). The 4GL documentation contains misprints and is not complete. The attached document contains (hopefully) more accurate and complete data. Please note that a label with "ALT-" is equivalent to the one with "ESC-" (but not always vice versa) and the KEYLABEL function always returns the label with ESC-.

#2 - 06/08/2015 06:23 PM - Igor Skornyakov

- File *key_code_report.p* added

- File *keylabels.txt* added

The attached is the updated *key_code_report.p* program which outputs additional key labels and its output.

#3 - 06/12/2015 09:24 AM - Igor Skornyakov

- Target version set to Milestone 12

#4 - 03/23/2016 05:17 PM - Greg Shah

- Target version deleted (Milestone 12)
