Description			

History

#1 - 10/13/2015 05:21 PM - Igor Skornyakov

- Parent task set to #1801

4GL accepts non-BUTTON widgets as CANCEL-BUTTON/DEFAULT-BUTTON FRAME **options** (not **attributes**). At least for FILL-IN widget as DEFAULT-BUTTON option the RETURN event is re-routed.

A more detailed analysis is required.

#2 - 03/21/2016 11:19 AM - Greg Shah

- Start date deleted (10/13/2015)

- Parent task changed from #1801 to #2677
