Hi, Vadim. Please, note that this bus has been found for 2677s branches(2677a or 2677b). I have checked that the bug is fixed for the current 1811t and hence for the released 2677 branch and the new one in [#2784-2](#) is absent for 1811t.

I've checked it just now. It is not reproduced in the current trunk revision (10971).
