

User Interface - Bug #2855

Bug # 2677 (New): fix drawing and functional differences between P2J GUI and 4GL GUI

GUI SELECTION-LIST changes current list item on cursor key up instead of down

11/17/2015 07:11 PM - Hynek Cihlar

When navigating the items in GUI SELECTION-LIST the current item must be changed when cursor keys (and others like page up/down + special keys) are pressed and not released.

Tested on task branch 2677a revision 11057.
