Description			

History

#1 - 12/04/2015 02:07 PM - Sergey Ivanovskiy

- File demo_widgets.png added

For the swing client the drawing artifact is not stable and disappears if you click on the window, but for the web client it continues to be present after clicking and disappears only after resizing. Please zoom the attached screen shot in order to perceive this artifact that is located in the window title bar above the current cursor position in the upper fill-in. Found on the last 2677b.

#2 - 12/04/2015 02:12 PM - Sergey Ivanovskiy

- File web_demo_widgets.png added

The picture for the web client.
