"Unsupported method or attribute KW_SIDE_L." is reported when converting the following sample.

```
def var f as handle.
create frame f assign side-labels = true.
```

#2 - 06/27/2016 08:16 PM - Greg Shah

This is expected since we currently have no conversion or runtime support for this attribute (on a create statement or for normal use with a handle).

I see. In this case this issue can be disregarded I guess.
