History

#1 - 09/27/2017 01:34 PM - Hynek Cihlar

Hynek,

Yes, I think we will need to adjust the GWT version.. if is possible.

On 09/27/2017 08:24 PM, Hynek Cihlar wrote:

Constantin,

do you want me to take it?

Thanks,
Hynek

On 27.9.2017 19:20, Constantin Asofiei wrote:

Hynek,

Just tried that for guava-gwt-19, but it doesn't compile the FWD admin code.

Setting:

```
fwdConvertClient group: 'com.google.guava', name: 'guava', version: '19.0'
```

Doesn't work at all, it brings guava-21.0.jar, not guava-19.0.jar.

On 09/27/2017 08:19 PM, Hynek Cihlar wrote:

Constantin,

I see, in that case reverting to guava 19 sounds like a good way to go.

From Janus graph 0.1.1 pom.xml:

```
<dependency>
```

```
<!-- Run the full test suite when changing the Guava version.
```

```
The Guava team is deadly serious about their 18 month period from deprecation to feature deletion, and as a result, at least one of JanusGraph's dependencies is likely to break whenever the Guava version changes.
```

```
Example where blithely upgrading Guava introduced a linkage error in the past:
```

```
https://issues.apache.org/jira/browse/HBASE-10174
```

```
-->
```

```
<groupId>com.google.guava</groupId>
```

```
<artifactId>guava</artifactId>
```

```
<version>18.0</version>
```

```
</dependency>
```

Thanks,
Hynek

On 27.9.2017 19:11, Constantin Asofiei wrote:

Hynek,

Yes, but the problem is in janus-graph, not in FWD.

I'm trying guava-19 (which includes emptyIterator as deprecated, but not removed).

On 09/27/2017 08:09 PM, Hynek Cihlar wrote:

From Guava docs:

```
emptyIterator <  
https://google.github.io/guava/releases/19.0/api/docs/com/google/common/collect/Iterators.html#emptyIterator%28%29%28%29>()
```

Deprecated.

/Use|ImmutableSet.<T>of().iterator())|instead; or for Java 7 or later,|Collections.emptyIterator())| <
<http://docs.oracle.com/javase/7/docs/api/java/util/Collections.html?is-external=true#emptyIterator%28%29%28%29>>. This method is scheduled for removal in May 2016./

On 27.9.2017 18:57, Constantin Asofiei wrote:

Greg,

Yup, guava 21.0 no longer has Iterators.emptyIterator() - is protected instead of public.

Previous version was guava 14.0

Hynek: any idea how to fix?

Thanks,

Constantin

On 09/27/2017 07:40 PM, Greg Shah wrote:

Constantin,

Using the callgraph target in Hotel GUI (fresh checkout of rev 146) with FWD trunk (rev 11170), I get the attached failure.

Any ideas?

Thanks,
Greg

callgraph:

That depends on the solution. Changing the guava version will require some degree of retest.

#4 - 09/27/2017 01:44 PM - Constantin Asofiei

Hynek, using this it brings guava-19.jar, admin console code compiles and also callgraph passes for Hotel GUI:

```
fwdConvertClient (group: 'com.google.guava', name: 'guava', version: '19.0') {  
    force = true  
}
```

Did you try to run Admin including the Majic Admin? If not I will test it.

No, I haven't.

I tested FWD Admin and Majic Admin and both work OK with the change. Constantin, I assume this is the only change you did for callgraph to pass.

Should I create new task branch (3340a) or delivery the fix into another branch?

#8 - 09/28/2017 07:34 AM - Greg Shah

Please create a new branch.

The only change is the code from [#3340-4](#)?

Only JanusGraph (callgraph) and GWT (admin UI) are dependent?

#9 - 09/28/2017 10:21 AM - Hynek Cihlar

Yes.

Only JanusGraph (callgraph) and GWT (admin UI) are dependent?

Here are all the dependencies as reported by `./gradlew dependencyInsight`:

```
hc@gcdntb:~/gcd/p2j_repo/p2j$ gw dependencyInsight --dependency guava --configuration fwdAllCompile
:dependencyInsight
com.google.guava:guava:21.0 (conflict resolution)
+--- fwdAllCompile
\--- com.google.guava:guava-gwt:21.0
     \--- fwdAllCompile
```

```
com.google.guava:guava:r09 -> 21.0
\--- com.googlecode.gwt-validation:gwt-validation:2.1
     \--- fwdAllCompile
```

```
com.google.guava:guava:11.0.2 -> 21.0
\--- org.reflections:reflections:0.9.9-RC1
     +--- org.janusgraph:janusgraph-core:0.1.0
          | +--- fwdAllCompile
          | +--- org.janusgraph:janusgraph-lucene:0.1.0
          | | \--- fwdAllCompile
          | \--- org.janusgraph:janusgraph-berkeleyje:0.1.0
          | \--- fwdAllCompile
          \--- com.googlecode.gwt-validation:gwt-validation:2.1
               \--- fwdAllCompile
```

```
com.google.guava:guava:18.0 -> 21.0
\--- org.janusgraph:janusgraph-core:0.1.0
     +--- fwdAllCompile
     +--- org.janusgraph:janusgraph-lucene:0.1.0
          | \--- fwdAllCompile
          \--- org.janusgraph:janusgraph-berkeleyje:0.1.0
               \--- fwdAllCompile
```

```
com.google.guava:guava-gwt:21.0
\--- fwdAllCompile
```

```
hc@gcdntb:~/gcd/p2j_repo/p2j$ gw dependencyInsight --dependency guava --configuration fwdAllRuntime
:dependencyInsight
com.google.guava:guava:21.0 (conflict resolution)
+--- fwdAllRuntime
\--- com.google.guava:guava-gwt:21.0
     \--- fwdAllRuntime
```

```
com.google.guava:guava:r09 -> 21.0
\--- com.googlecode.gwt-validation:gwt-validation:2.1

     \--- fwdAllRuntime
```

```
com.google.guava:guava-gwt:21.0
\--- fwdAllRuntime
```

#10 - 09/28/2017 10:36 AM - Hynek Cihlar

Please review the fix in 3340a. I have regression tested FWD Admin and MAJIC Admin.

#11 - 09/28/2017 11:05 AM - Greg Shah

I'm fine with the change. I can confirm Constantin's result (it does resolve the failure in Hotel GUI callgraph).

Please merge to trunk.

#12 - 09/28/2017 11:36 AM - Hynek Cihlar

3340a merged to trunk as revision 11171 and archived.

#13 - 09/28/2017 11:45 AM - Hynek Cihlar
