<b>Description</b>			

#### History

##### #1 - 04/08/2019 06:12 PM - Eric Faulhaber

We have added support for many 4GL built-in functions over the past years. We need to review which of these can be used in a WHERE clause and add the appropriate shim calls into the Functions class and into the PL/Java definition file.

Keeping these in sync should generally be the practice as we add new built-in function support.
