Description				

History

#1 - 05/20/2022 02:45 PM - Igor Skornyakov

The statement REPOSITION <query> TO ROWID ? NO-ERROR is converted to silent(() -> <query>.repositionByID(new unknown())); which does not compile because new unknown() is neither Long nor recid.

#2 - 07/05/2023 03:30 AM - Alexandru Lungu

- Start date deleted (05/20/2022)

- Assignee set to Dănuț Filimon

- Status changed from New to WIP
