- Status changed from New to WIP

This issue was the result of change in 8068a (trunk rev. 15032) and incomplete regression fix in 8419a (trunk rev. 15051).

This was reported in #6667-884 by Tomasz, who also provided the fix.

The value returned from ThinClient.waitForEvent must be the KeyInput object created in this method instead of the original event.

Do you have the fix in a branch?

Hynek: Any objections to the fix?

Vladimir: This seems pretty safe. I think some stesting in <large_gui_app> is enough. Let's get this into trunk tonight.

#5 - 03/13/2024 05:19 PM - Vladimir Tsichevski

- % Done changed from 0 to 100

- Status changed from WIP to Review

Fixed in 8446a rev. 15055. Please, review.

I've done cursory testing, and noticed no anomalies.

Code review 8446a revision 15055. The change looks good.

#8 - 03/13/2024 06:18 PM - Greg Shah

Vladimir: You can merge to trunk now.
